## Dominica

As a mountainous Caribbean island nation, Dominica is a beautiful country with natural hot springs and tropical rainforests. The country first introduced its Dominica Economic Citizenship Program in 1993, legally offering HNWI and families a lucrative second citizenship and passport. The island nation enjoys an excellent international reputation, and provides visa free travel to the European Union, Schengen Zone, China, Russia, and Singapore, amongst many other countries. Since the procedure to obtain a Dominican

passport is completely remote, with no requirements to visit the country for the process, it remains as a popular option to obtain citizenship. The program offers many benefits, including the ability to live, and work in Dominica, and pass citizenship down to future generations. The passport validity is 10 years and is an e-passport with biometric data. Dominican passport is a strong one, allowing for a solid back-up plan for families, and a quick travel solution for business professionals.
